Protocol Development Coordinator

RE: N0574, Phase III Randomized Trial of the Role of Whole Brain Radiation Therapy in Addition to Radiosurgery in the Management of Patients with One to Three Cerebral Metastases.

The following forms have been revised as follows:

Radiosurgery (SRS) Reporting Form:

- Radiosurgery Treating Location changed to Radiosurgery Treating Institution for CDE compliance
- A new variable added to collect Target Lesion Site due to one form is completed per each lesion

Evaluation/Treatment Form:

- Reference to weight, Performance Status, Neurologic examination, and Date last lesion(s) treated have been removed as this information is already being collected on other data collection forms

Evaluation/Observation Form:

- Additional instructions have been added to define when form is to be completed
- Instruction to “submit documentation” at Progression of Systemic Disease has been added

If you have any questions, please feel free to contact me at 507/538-8226.
