Due to personnel changes, the Fed Ex shipping labels or "stamps" on the stool sample collection kits are being updated. Please manually correct the label on any stool collection kits that are currently at your site by crossing out the name "Jon Harrington" and changing it to "William R. Taylor." Kits sent out after this week will have the updated information on the FedEx stamp.

Note: This change does not affect blood sample kits.

If you have any questions, please feel free to contact me.
