

North Central Cancer Treatment Group

N07C2, The Use of Wisconsin Ginseng (*panax quinquefolius*) to Improve Cancer-Related Fatigue: A Randomized, Double-Blind, Placebo-Controlled Phase III Study

Status Change Notice – July 1, 2011

NOTICE OF STATUS CHANGE

This study is permanently closed to all patient accrual effective Friday, July 1, 2011.

Patient entry will not be allowed after Thursday, June 30, 2011 at 4:30 p.m. CST.

The accrual objective for the general population for this study has been met.

The study will be closing early to the minority population because the study agent will be expiring in the fall of 2011. Patients currently on study should be followed according to the protocol and all patients accrued on study by July 1, 2011 will be ensured study agent for the duration of the trial.

Please retain this notice with the protocol.
