

North Central Cancer Treatment Group

N08C1, Paclitaxel-Associated Acute Pain Syndrome Natural History Study

Status Change – June 12, 2009

NOTICE OF STATUS CHANGE

Arm B of this study is closed to accrual for the general patient population, but will remain open to minority accrual only, effective Friday, June 12, 2009.

Arms A, C and D will remain open to the general patient population, per study design. Patients currently on study should be followed according to the protocol.

Minority patient entry only for Arm B will be allowed after 4:30 p.m. CST Thursday, June 11, 2009.

Please note: The protocol is being amended with Addendum 2 to reflect this and will be distributed at a later date.

Please retain this notice with the protocol.
